

Volkssport Association of British Columbia CVF Director's Walk

PT 301 Princeton – 5/10 km – Rated 1B

This walk qualifies for the Trans Canada Trail Walking Program

The walk begins at the Princeton Visitor Centre which has moved to 169 Bridge Street (VOX 1W0) in the town centre. Plenty of street parking is available. *You may find a flashlight useful when you go through the tunnel – not mandatory but useful.*

1. From the Visitor Centre cross over Bridge Street at the crossing and continue along Veteran's Way (the Cenotaph is on your right).
2. Veteran's Way turns into Vermilion Ave. Continue down the left side of Vermilion and at the foot of Vermilion follow the sidewalk around to the left to Highway 3.
3. Cross Highway 3 carefully at the crosswalk and continue straight ahead on Burton Ave (unsigned).
4. At first crosswalk, turn right to cross Burton Ave. and continue on the paved trail going under the 'Princeton Gateway'. This is the Trans Canada Trail.
5. Follow the rail bed, going through a 1000 foot long tunnel and to a bridge over the Tulameen River. **(2.5 km) (5 km walkers turn around here and go to instruction #9)**
6. When passing a fenced area, the "Ochre Bluffs" are on your right. There are many different types of stones/rocks in this area - available for viewing at the Visitor Centre. Please do not cross the fence as this is sacred native land.
7. Continue on the rail bed until you meet the landslide area on your right, river on your left and power line (red ball) overhead and Highway 3 in the distance. This is the turnaround point for the 10 km walk. **(5.0 km)**
8. Return back along the rail bed towards and past Princeton.
9. Follow the trail to a Pavilion with a red roof. Bear right and go down a gravel path which leads under Highway 3. On the other side turn left on the paved trail and turn right to follow the sidewalk to Bridge Street. Turn right on Bridge Street to return to the Visitor Centre.

We hope you enjoyed our walk!

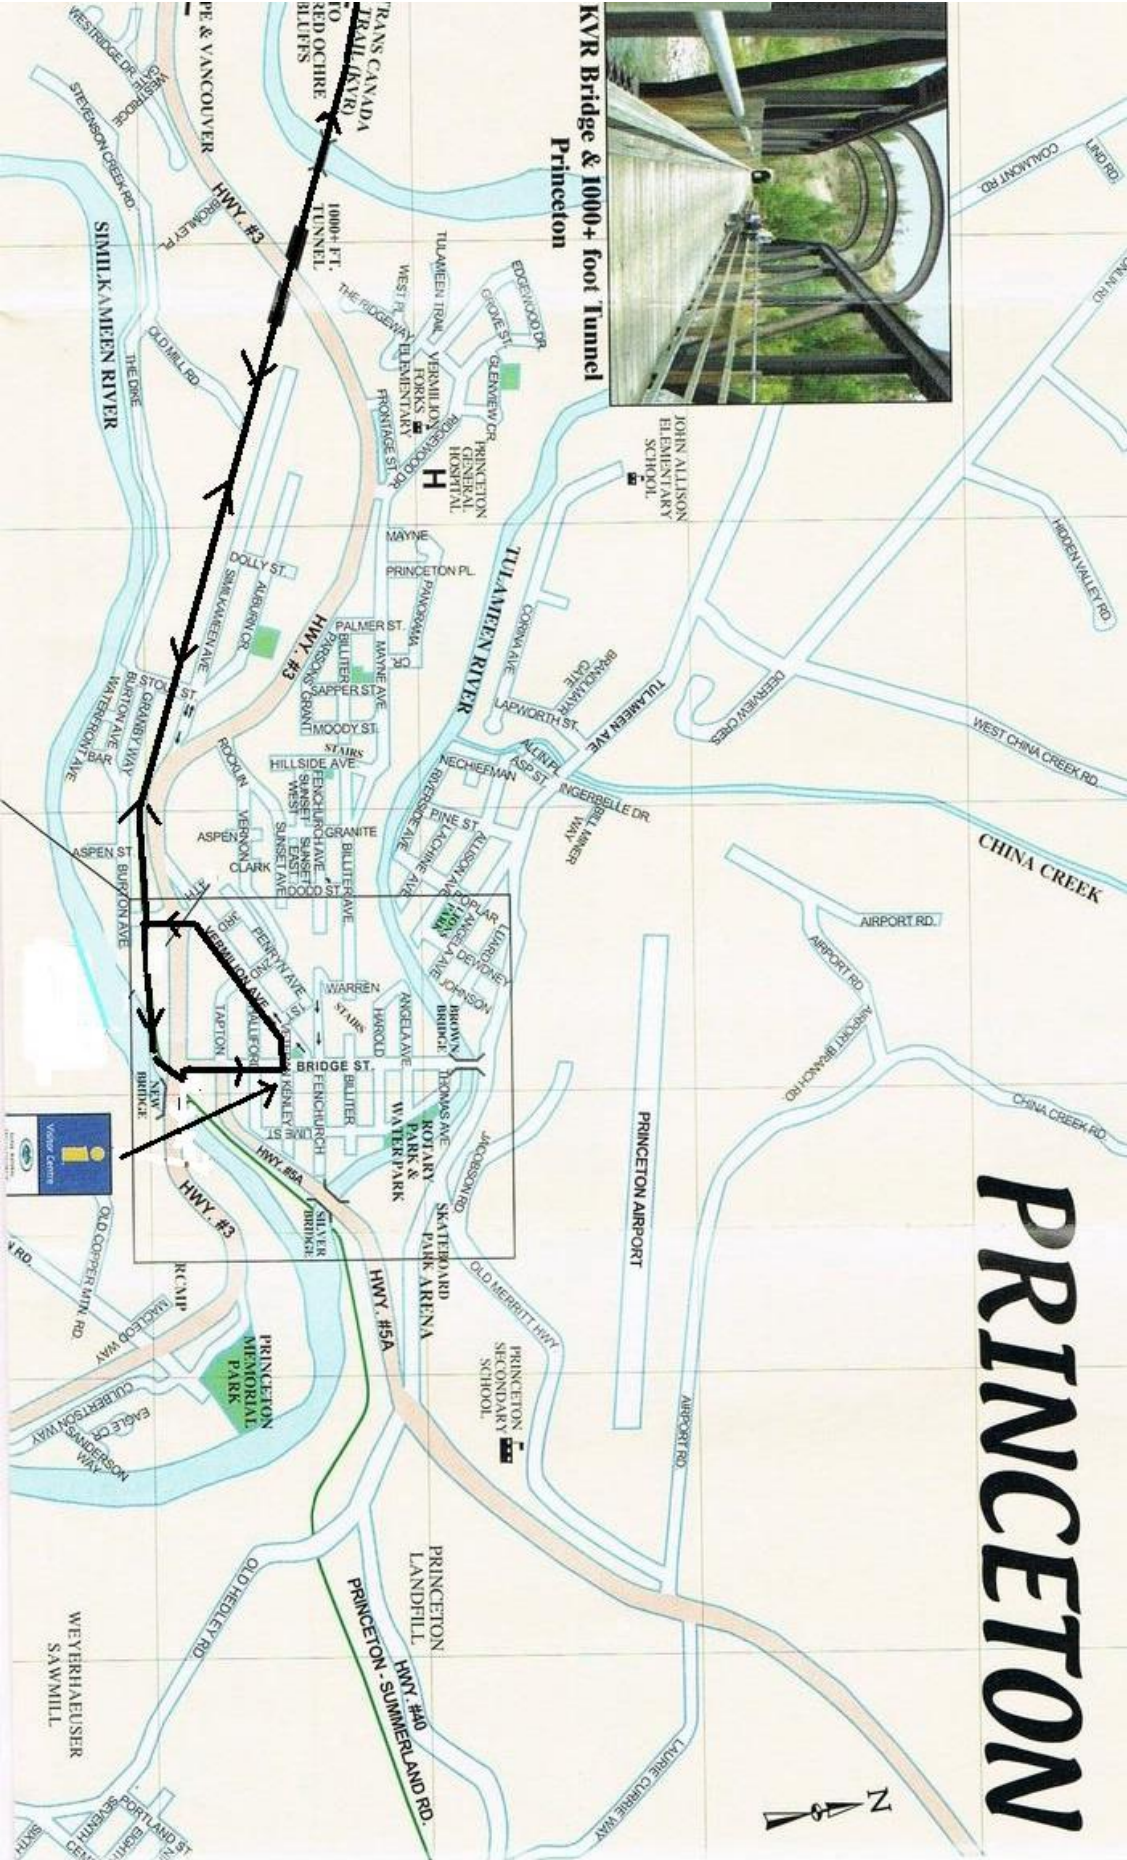

If there are any problems with the instructions or the map, please contact:
